CARE PLANNING CONSULTATION

Our JFCS Senior Services professional staff works closely with adults 60 years of age and older and their families to ensure safe, supported and independent living at home. Caregivers and clients access resources, education and information on respite options.

Care Planning Consultation helps when families notice changes in parents and/or spouses. Families meet with professionals to articulate issues and challenges, learn about available resources and develop a personalized action plan to maximize independence and more. Services are available on a sliding-fee scale—call for more information.

Changes in your parent/spouse to take notice of:

- > Becoming forgetful
- > Withdrawing from social activities
- > Not sleeping
- > Overwhelmed by normal tasks
- > Changes in ability to manage finances
- > Less sure behind the wheel
- > Contemplating a move

Care Planning Consultations can help families:

- > Articulate the issues
- > Learn about available resources
- > Prioritize which issues need to be addressed first
- > Create a plan for maximizing independence
- > Determine a division of responsibilities among family members and learn how to support each other
